

Why Choose Us

Not all hospices are the same. Heart of Hospice is unique for several reasons:

- ♥ We were started by nurses who emphasize that the patient and family come first.
- ♥ We have the most experienced caregiver staff.
- ♥ We schedule the number of visits based on your needs, not our schedule.
- ♥ We take time as needed with our patients and families.
- ♥ We promote the emotional bonds that occur between caregivers and patients.
- ♥ We will provide visits as needed 24/7 rather than only instructing over the phone.

Executive Director/Co-Founder:

Jodi Goatcher, BSN,RN,CNP

Co-Founder:

Lynette Scribner, BSN,RN

- ♥ Related to diagnosis, comfort medicines
- ♥ Hospital beds, wheel chairs, oxygen, etc.
- ♥ Bandages, dressings, catheters, etc.

What Does Hospice Cost?

Hospice care is covered 100% by Medicare, Medicaid, and most private insurance plans.

Heart of Hospice's goal is to never turn a patient down based on their ability to pay.

The availability of Medicare/Medicaid or private insurance is not a criteria for admission to Heart of Hospice.

*We can do no great things, only
small things with great love –
Mother Theresa*

Heart of Hospice is committed to the idea that Hospice isn't about dying, it's about living and making each journey the best it can be.

Hospice doesn't give us the power to shorten or prolong life, just the power to live it as you choose.

Hospice care can be received in the home, an assisted living facility or a skilled nursing facility.

Heart of Hospice is Medicare/Medicaid Certified

Member, National Hospice and Palliative Care Organization (NHPCO)

Member, Oregon Hospice Association (OHA)

Why Choose Hospice Care?

Hospice care is palliative (comfort) care rather than curative care. Our treatment focuses on relieving suffering and improving the quality of life for seriously ill patients and their families.

Hospice isn't about giving up hope, it is about living life to it's fullest, the final act of living well.

Our Heart to Heart Care puts our philosophy of treating the whole person and their family, and our commitment to easing them through a difficult life transition, into practice.

Heart of Hospice is on-call 24 hours a day for our patients and their families.

How Are Services Requested?

Referrals may be made to the Hospice program by the patient's physician, by the patient or family, or by any caregiver.

Hospice is appropriate for patients with a life expectancy expressed as months, rather than years.

Both the patient and their primary care physician must approve the referral to Hospice before services can be provided.

Call for a free consultation, even for referral at a later time.
